

# Welcome to the Future of Smart Attendance & Access Control Solution

Cloud enabled Smart Attendance &  
Access control Solution

Visitor Management Systems with  
Hardware & Software technology Integration

Contract Labour Management System for  
Industry with Compliance based Access Control

IoT Based Access Control System/  
Panel with QR & Face Reader

Hand Held Face & Biometric Devices  
for Field Attendance

Class Room Attendance System  
with Handheld Device

Gym Management System with  
Face Device & QR Code Integration

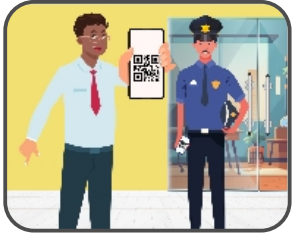

Cloud Enabled Attendance system with  
Face Device & Mobile App Integration

Canteen Management System with  
Face Device Integration

Integrated Gate Pass & Access Control Management System  
(IGMS) for Large Building

# Visitor Management with Access Control based on QR code or Face Recognition

Automation through technology for efficient operation:

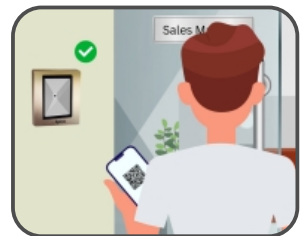

Mobile App for Security personnel

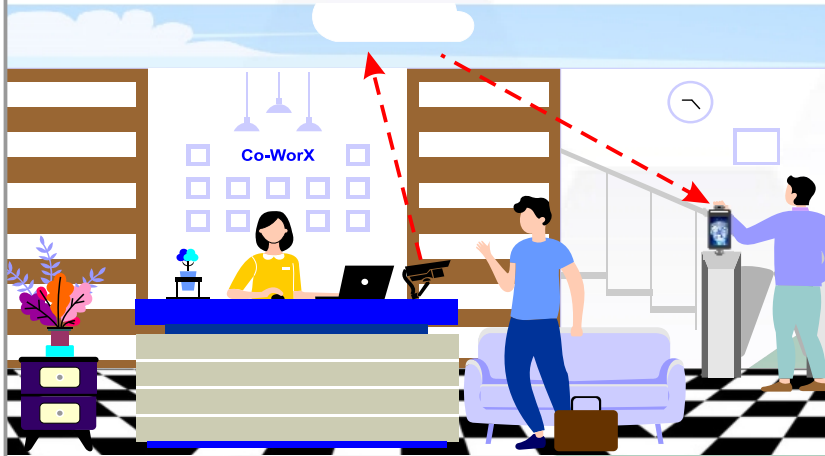

Mobile Camera-based Face Recognition

Face Recognition Terminal Access Control

Access control based on QR Code Reader

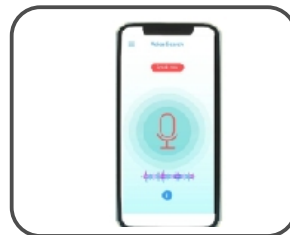

Soft VMS

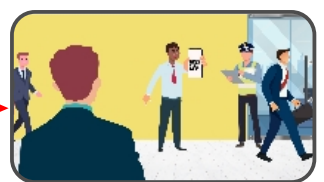

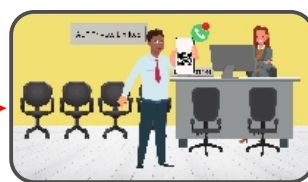

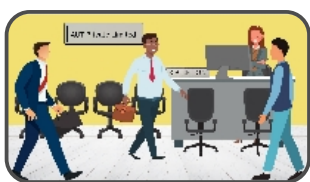

Hard VMS

Visitor E-pass on WhatsApp

Voice Assistant Integration

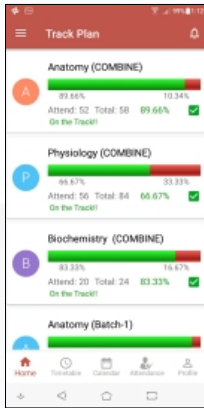

Conventional VMS Workflow

# Battery operated Handheld Biometric Device Ideal for Classroom Biometric Attendance for Students

## Classroom Attendance System

iCON Biometric Device  
for Student Attendance

LAN

Server

2. Data stored in  
main database  
at Server

1. Capturing Finger  
template along with  
other details for Student  
& Professor for Master  
database creation

3. Data is pushed to  
biometric handheld  
attendance system  
through LAN or Wifi/  
GPRS with finger  
templates

6. Transaction Data is pushed to  
main server through LAN/Wifi for  
online Report using Mobile App

4. Professor Punch  
his finger for enabling  
attendance during lecture

5. Students Punch  
their finger for attendance  
while the Prof. is teaching

# Cloud Platform to manage Attendance A “Do-it-yourself” Attendance solution on Cloud

Migrate your organisation  
attendance on cloud

TIMELY .bio helps all your employees  
& managers connected  
seamlessly in online mode  
using individual login

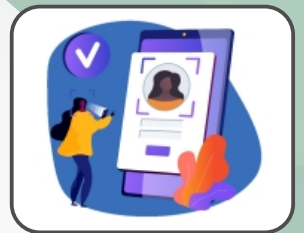

Attendance on  
cloud using  
Mobile App

On board your  
Company &  
Employee

On board your  
Face machine  
for office

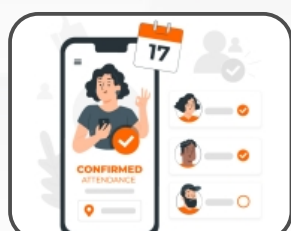

Selfie based  
Attendance with  
Face recognition

Everything you need to make your Team connected & Productive

Attendance  
Management  
with Geo fencing

Manager Login  
with analytical  
Dashboard

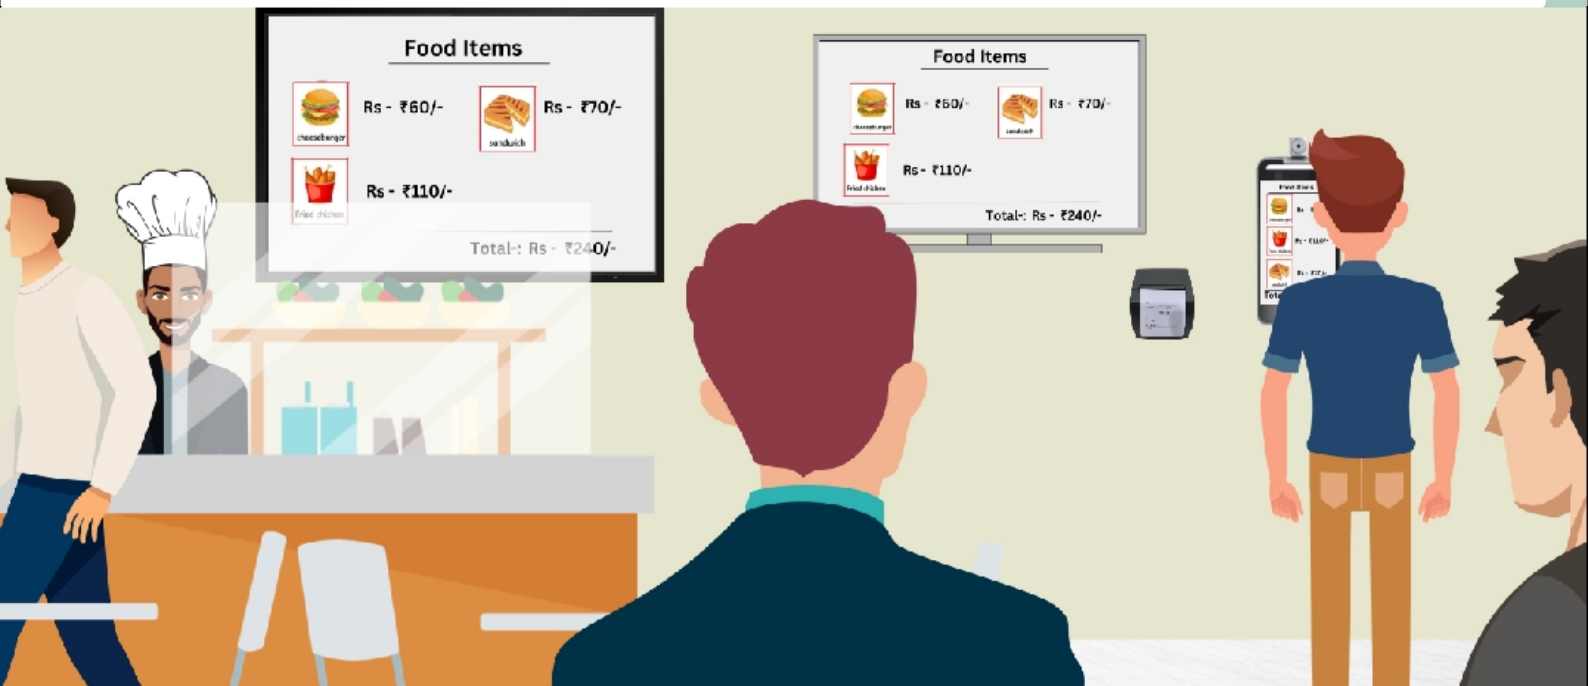

Leave & Tour  
Management  
with approval

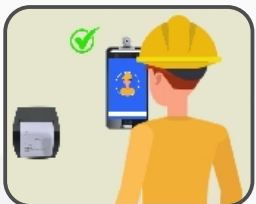

Intra-office Chat  
Group chat  
Task management

\*Free licence upto 25 Employees(conditions apply)

# Integrated Gate Pass & Access Control Management in Industry

## Gate entry Management in Industry & Building complexes

### Basic Contract Labor Induction Management

Aadhaar Authentication

Medical clearance  
Safety Induction

Contractor Licence  
Work order Validity

### Advance Contract Labor Attendance compliance

Weekly-off not taken

Maximum hours per week over

Shift mismatch

### Gate Entry Management in Industry

Employee Attendance system

Contract Labor Gate entry Management

Visitor E-pass with QR code & Face Access

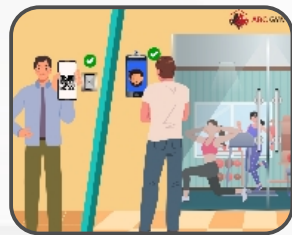

# Gym Membership & Occupancy Management System

Manage your Gym with Technology to meet your growing needs

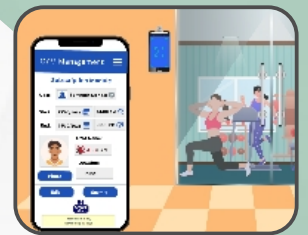

Gym slot advance booking

Check-in based on Face/QR verification

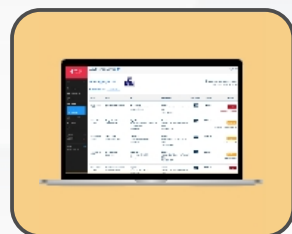

Integration with Access Control system

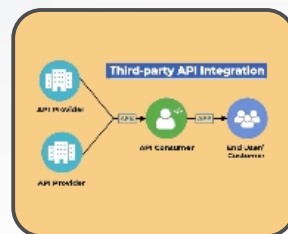

Subscription management based on period, Time slot

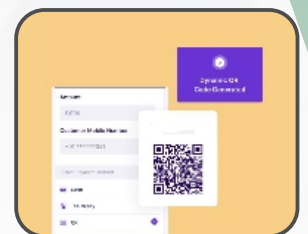

Online dashboard for occupancy

Pending or Due Subscription Dashboard

API integration with Third party software

Integration with Payment Gateway

# Handheld Face Recognition & Finger print based Attendance devices

## Battery operated Face Attendance Device for Field

Android based IP66,  
Face Attendance Terminal

Carry Box  
Face Recognition,  
Attendance Terminal

IP65 Handheld Face  
Recognition,  
Attendance terminal

## Fingerprint based Mobile devices

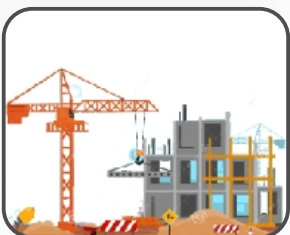

Pocket Size Palm Held  
Biometric Attendance System

Finger print & Mifare Card reader based  
Handheld Data logger

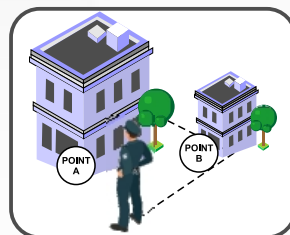

## Battery operated Handheld Attendance Device Use Cases

Capture Attendance at  
Construction sites

Capture Attendance  
at Class rooms

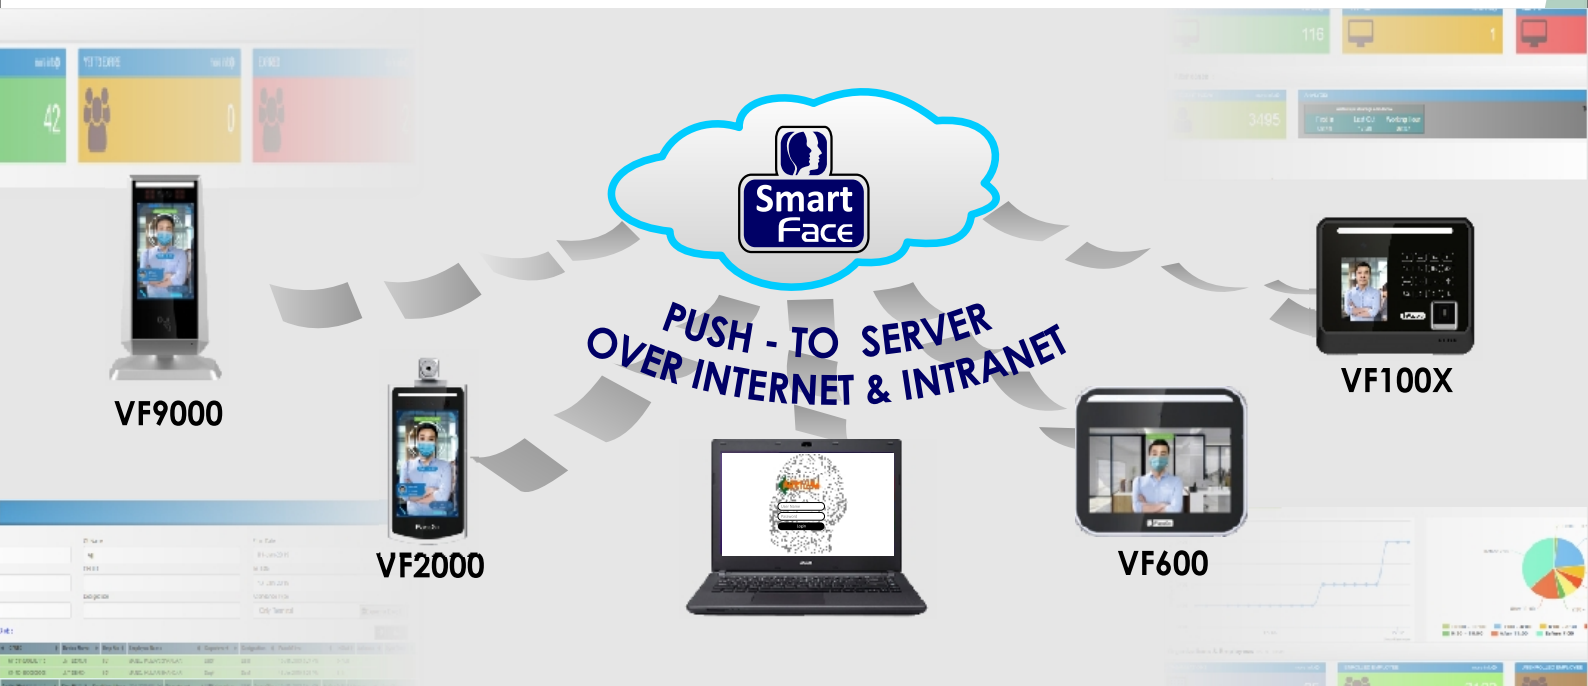

Guard tour  
monitoring system

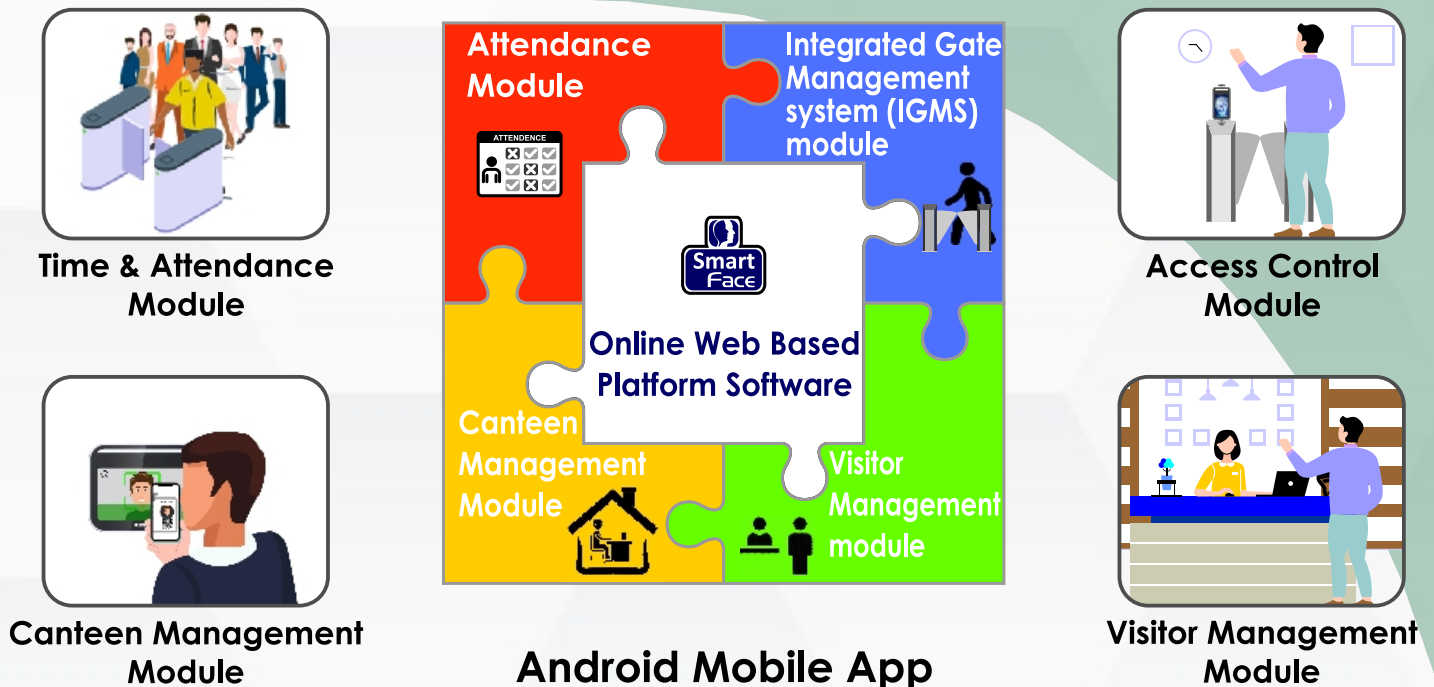

Capture Attendance  
for Hostel, Security Guard

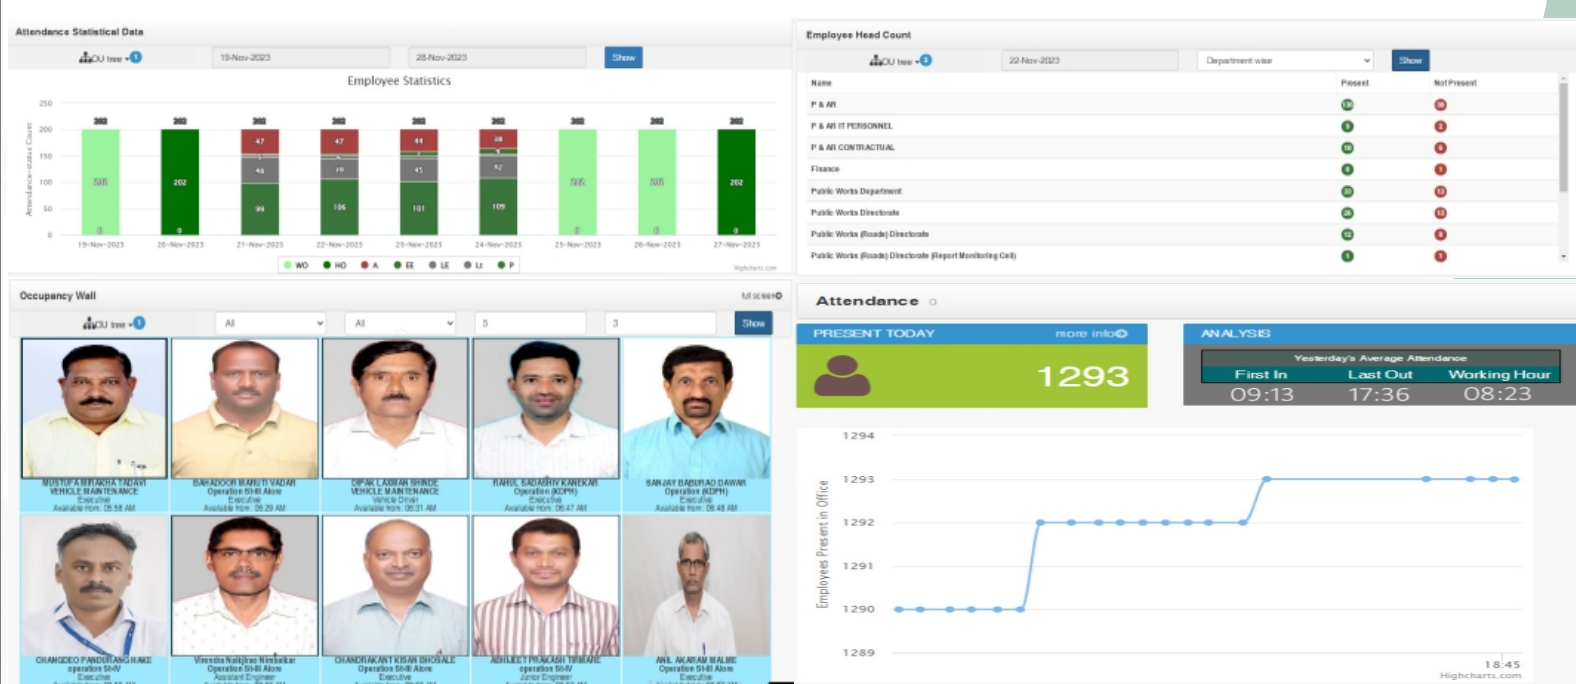

# Web based Platform for FaceIT Terminal with API Add-on Modules for T&A, VMS & Canteen

## Scalable Platform software to meet your growing needs

# Attendance, Leave & Shift Management System

**Shift Management Roster/ Auto Shift/Flexi**

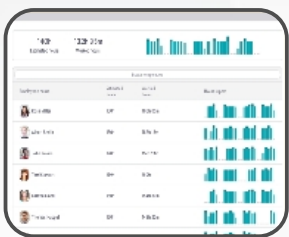

**Leave & Tour Workflow Management**

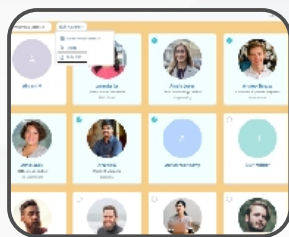

**Approval set up based on Application Type**

**Customized Attendance Policy/Configuration**

**Online Dashboard for Occupancy**

**Live Head Count Management System**

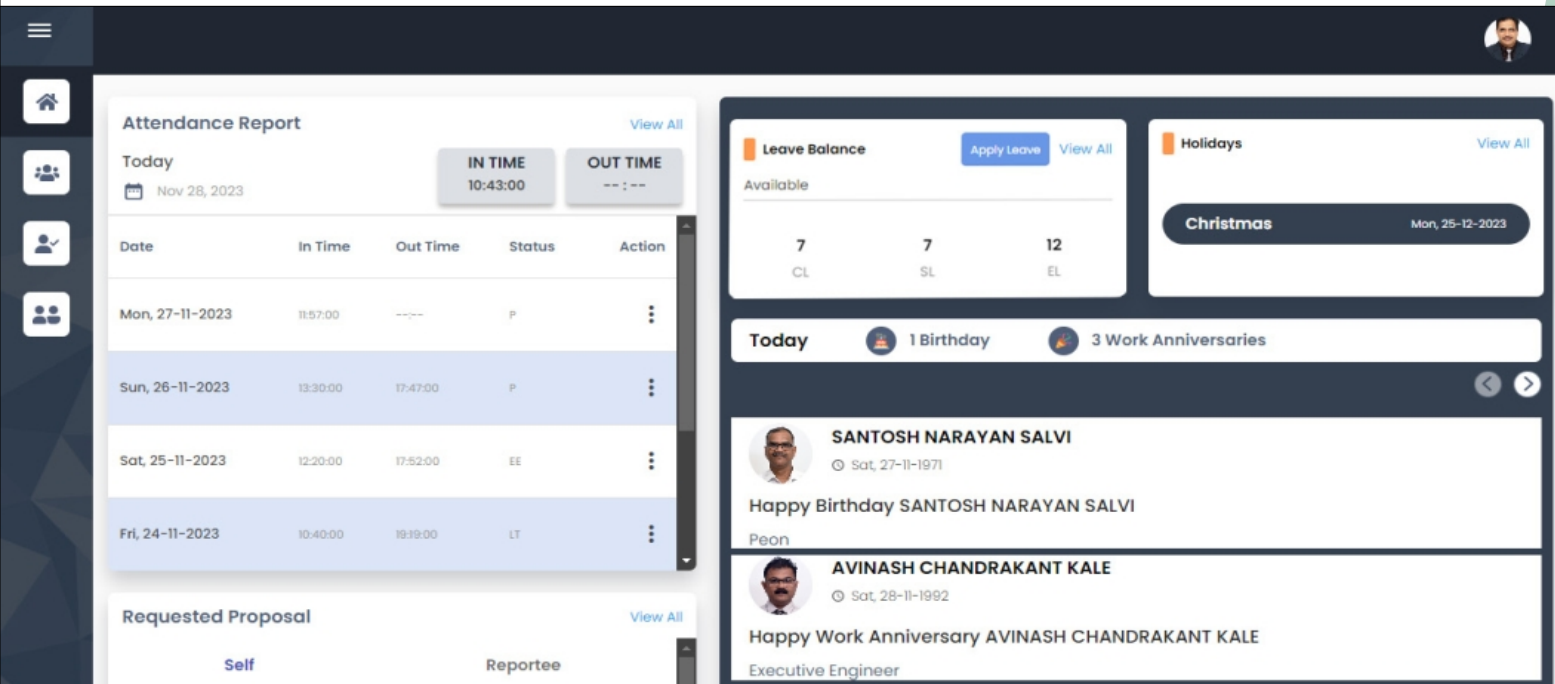

**On demand Analytical Dashboard**

**Payroll & HRMS Integration based on DB/File/API**

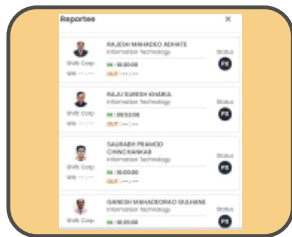

# Employee Self Service (ESS) & Mobile App with Employee Login

## Employee Self-service Portal

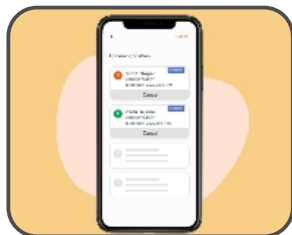

Attendance with Face verification & GPS tracking

Team Attendance online view

Leave application & approval workflow

Visitor invite & approval workflow

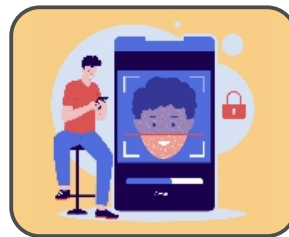

Canteen item booking

Online Chat with team

## Mobile App

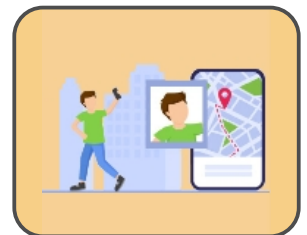

Employee Face Registration using mobile camera

Capture CSN No. for Mifare card using NFC reader

Face Attendance device status view in online mode

Mobile Attendance for field staff with Face verification

Team Attendance report view in online mode

Visitor check-in & check-out using QR code scan
